<p>and applying standards and information on visiting team review procedures.</p> <p>(c) Performance of team members shall be evaluated by the team chairperson, in conjunction with the office of public instruction coordinator, and shall be used in determination of future participation as members of visitation teams.</p> <p>(d) Team chairs or members shall not be assigned to serve in the review of institutions where a conflict of interest may interfere with the integrity of the review.</p> <p>(3) Members of the board of public education shall be invited to participate as observers at each unit's program review.</p> <p><u>10.58.103 VISITATIONS</u> (1) All professional educator preparation programs shall be visited for approval every five years or on an adjusted schedule based upon coordination with national accreditation or upon request of an institution.</p> <p>(2) Joint visitations and cooperation with other accrediting agencies will be encouraged.</p> <p>(3) A review by the national council for accreditation of teacher education (NCATE) of the same material covered in subchapters 2, 3, 4 and 6 may be accepted in lieu of the state review.</p> <p>(4) Institutions are required to engage in an ongoing self-study of professional educator preparation programs.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p><u>10.58.104 APPROVED PROGRAMS</u> (1) The office of public instruction shall issue lists of institutions whose programs have met the board of public education's standards for professional educator preparation. Pursuant to 20-4-121, MCA, these lists shall also include all programs accredited by regional and national accreditation agencies, with an identification of the accreditation agency. Each institution shall give this information to the office of public instruction no later than December 1 of each year. Lists shall indicate the programs approved and the initial and expiration dates of such approval. These lists shall be made available to institutions, school personnel offices, counselors, and others within the state upon request and as exchanges with education agencies in other states.</p> <p><u>10.58.105 OPTIONAL COMPLIANCE</u> (IS HEREBY REPEALED)</p> <p style="text-align: center;">Organization and Administration of Teacher Education</p> <p><u>10.58.201 PURPOSES AND OBJECTIVES</u> (1) The catalogue of an institution offering professional educator preparation shall include:</p> <p style="padding-left: 40px;">(a) each certification program offered;</p> <p style="padding-left: 40px;">(b) the grade span for which state approval has been granted;</p> <p style="padding-left: 40px;">(c) clearly stated objectives;</p> <p style="padding-left: 40px;">(d) the level at which programs are offered (basic and advanced); and</p> <p style="padding-left: 40px;">(e) the graduate programs offered for those</p>

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>preparing to serve as specific school services personnel.</p> <p>10.58.202 ORGANIZATION (1) All institutions offering professional educator preparation programs in Montana shall meet these criteria:</p> <p>(a) The control of the institution shall reside in a board of trustees or an otherwise designated board. The board's functions shall be to ensure that institution philosophies and policies will result in the best possible services to students and faculty and will ensure a sound educational program.</p> <p>(i) There shall be clear evidence in the board's records that, in the discharge of its functions, it recognizes and fulfills its responsibility to professional educator preparation.</p> <p>(ii) Terms of office shall be arranged to provide desirable continuity within the board membership.</p> <p>(b) Under the direction of a president or an otherwise designated chief administrative officer, adequate provision shall be made for competent personnel to perform all administrative functions affecting professional educator preparation.</p> <p>(i) An organizational chart of the institution shall be available, and evidence shall support the suitability of the organization for professional educator preparation, the competency of the personnel, and the manner in which functions are performed.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(ii) Written policies shall show salary procedures, rank, tenure, group insurance, sabbatical leave, sick leave, retirement allowances, funding of inservice faculty development, and professional service by the faculty on a state, regional, or national basis.</p> <p>(c) Financial resources must be adequate for an institution to carry on its proposed work. In determining the financial condition of an institution, emphasis must be given to the income available for professional educator preparation purposes and the manner in which that income is expended.</p> <p>(i) The institution shall operate on a budget prepared in accordance with sound financial and educational practices. It shall issue an annual financial statement that gives a clear and accurate picture of its financial status. The financial statement shall be audited by a qualified outside agency.</p> <p>(ii) The institution shall provide financial reports that clearly reveal the relative expenditures for instruction, administration, maintenance, equipment, supplies, library, student activities, capital outlay, and debt service for the professional educator preparation program as compared to other programs of the institution.</p> <p>(iii) The financial records shall be kept in a form that allows the easy determination of the institution's economic status.</p> <p>(d) Institutions which offer extended services, such as summer sessions, evening and weekend programs, off-campus extension or correspondence</p>

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>classes, or survey and consultant services, shall have the resources needed to conduct such services. The administrative and operational provisions established to assure the quality of such special services shall be available and shall indicate the extent to which these special services complement and/or relate to the regular program.</p> <p>(e) Out-of-state institutions shall meet criteria and accreditation standards equivalent to those required of in-state institutions.</p> <p><u>10.58.203 STUDENT ADMISSION, RETENTION, AND EXIT POLICIES AND PRACTICES</u> (1) The institution shall provide orderly procedures for obtaining and maintaining information about admission to professional education, and include in this information, data regarding race/ethnicity, for assessing the progress of students through their course of studies, and for evaluating the success of its graduates after they have left the institution; these assessments shall be used in a systematic cycle of program review and revision.</p> <p>(2) Specific admission standards and procedures governing a student's acceptance into the professional educator preparation program shall be published (including the time and, if possible, alternative times for admission). Specific admission requirements shall be included in the descriptions of experimental or special programs.</p> <p>(3) Admission to teacher preparation will be through a multiple assessment process to include the successful completion of a test of basic skills with minimum scores set by the board of public education.</p> <p>(4) Retention in the program will depend upon ongoing assessment of students' progress toward program goals and outcomes. Each institution of higher</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>education will have published specific benchmarks to determine individual student continuation in the program and placement for student teaching.</p> <p>(5) Exit from the professional educator preparation program will include performance based assessments of institutional goals and outcomes consistent with ARM 10.58.501. The institution shall have well-defined evaluation procedures to assess the quality of its graduates when they have completed their pre-service programs and have applied for a recommendation to become certified. Students shall be apprised of such evaluation procedures and qualifications.</p> <p><u>10.58.204 STUDENT PERSONNEL SERVICES</u> (1) The institution shall have a well-organized, ongoing career counseling program with a placement service that effectively assists graduates in finding positions.</p> <p>(2) The institution shall provide students with written descriptions of its student personnel services and how they can use these services.</p> <p>(3) The institution shall provide for the appointment of a faculty advisor for each student admitted to teacher education. The faculty advisor shall have a thorough understanding of the preparation program to be followed by each advisee.</p> <p>(4) The institution shall collect and maintain current data on teacher supply and demand, which shall be used by all faculty assigned to advise students.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(5) The institution shall have a system that maintains permanent cumulative records for each student enrolled. The student records shall be legible and intelligible transcripts that give information such as course titles, and credits or the equivalent (waivers, substitutions, etc.), and degrees. The cumulative record shall also include a description of all professional laboratory experiences.</p> <p>(6) The institution shall periodically survey its graduates in professional educator preparation in order to gather data on the effectiveness of its student personnel services.</p> <p><u>10.58.205 STUDENT PARTICIPATION IN TEACHER EDUCATION PROGRAM DEVELOPMENT AND EVALUATION</u> (IS HEREBY REPEALED)</p> <p><u>10.58.206 FACULTY</u> (IS HEREBY REPEALED)</p> <p><u>10.58.207 INSTRUCTION</u> (IS HEREBY REPEALED)</p> <p><u>10.58.208 FACILITIES AND INSTRUCTIONAL MATERIALS</u> (1) An institution shall have a physical plant designed to serve its defined purpose and objectives for teacher education. The facilities shall also provide for the safety, health, cultural, social and recreational needs of students and faculty.</p> <p>(2) As the institution's principle materials resource, the library shall be used for instructional</p>

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>research and other services that support the teacher education program, including books and other materials of a multicultural nature. Administrative procedures and equipment shall conform to accepted modern practices, including cataloguing methods, arrangement of print and nonprint materials, availability of student and faculty stations, and accessibility of materials and facilities. The library shall be administered by a professional librarian.</p> <p>(3) The institution shall provide laboratories and laboratory supplies and equipment needed for instructional purposes for each teacher education program offered. Space and equipment shall be available for conducting and recording experiences such as micro-teaching, role-playing and other simulated activities.</p> <p>(4) The institution shall make teaching-learning materials and equipment available to students and faculty. It shall give technical instruction in the use of the equipment, in the production and uses of teaching-learning materials, and in the classification and preservation of such materials.</p> <p>(5) The institution shall demonstrate its commitment to the improvement of instruction by developing and following a plan for the use of educational media and technology.</p> <p>(6) The institution shall maintain an instructional materials laboratory or center either as a part of its library or as one or more separate units. It shall be open to students and directed by a faculty member well informed about the various instructional materials and media used at different grade levels. This laboratory shall include a wide array of books commonly used in elementary and secondary schools; teaching aids such as maps, charts, pictures,</p>

<p>filmstrips, films, video and audio recordings, computers and computer software; various patterns, courses of study, and teaching units; and shall include books, teaching aids, materials, and teaching units, of a multicultural nature. There shall be workshop facilities for preparing new curriculum materials, with access to electronic, photographic, and other equipment.</p> <p><u>10.58.209 SCHOOL-INSTITUTION RELATIONS</u> (IS HEREBY REPEALED)</p> <p><u>10.58.210 CONCEPTUAL FRAMEWORK(S)</u> (1) Each unit shall operate from the basis of a well-defined conceptual framework(s). A conceptual framework(s) establishes the shared vision for a unit's efforts in preparing educators to work in P-12 schools. It provides direction for programs, courses, teaching, candidate performance, scholarship, service, and unit accountability. The conceptual framework(s) distinguishes among the graduates of one institution from those of another.</p> <p>(a) Faculty members in the unit are expected to collaborate with members of their professional community in developing a conceptual framework(s) that establishes the vision for the unit and its programs. At its discretion, the unit may operate with a single framework for all programs or a different framework for each or some of its programs.</p> <p>(b) The conceptual framework(s) provides the basis for coherence among curriculum, instruction, field experiences, clinical practice, assessment, and evaluation.</p> <p>(c) It makes explicit the professional commitments and dispositions that support it, including the commitment to acquire and use knowledge on behalf of P-12 students.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(d) It reflects the unit's commitment to diversity and the preparation of educators who help all students learn.</p> <p>(e) It reflects the unit's commitment to the integration of technology to enhance candidate and student learning.</p> <p>(f) The conceptual framework(s) also provides a context for aligning professional and state standards with candidate proficiencies expected by the unit and programs for the preparation of educators.</p> <p>(2) The conceptual framework(s) provides the following structural elements:</p> <p>(a) the mission of the institution and unit;</p> <p>(b) the unit's philosophy, purposes, professional commitments and dispositions;</p> <p>(c) knowledge bases including theories, research, the wisdom of practice, and education policies;</p> <p>(d) performance expectations for candidates, aligning them with professional, state, and institutional standards; and</p>

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>experiences in which students:</p> <p>(a) observe and participate in language arts classrooms at elementary, middle, and high school levels with qualified teachers prior to student teaching;</p> <p>(b) are able to achieve the program objectives through teaching experience in an English/language arts classroom supervised by a qualified teacher and a university/college supervisor during student teaching; and</p> <p>(c) are meaningfully exposed to the rigors of teaching, yet allowed reasonable time for reflection, self-evaluation, and interaction with colleagues.</p> <p><u>10.58.510 STUDENTS WITH DISABILITIES K-12 (1)</u> The following standard pertains to programs for preparing teachers of students with disabilities--early intervention through grade 12. This standard, applicable to all areas of special education, is designed to prepare an individual to provide a range of educational services for students with disabilities. This standard refers to students who have cognitive delay, hearing impairment, deafness, speech/language impairment, visual impairment, emotional disturbance, orthopedic impairment, other health impairments, learning disability, deaf-blindness, child with disability, autism, and/or traumatic brain injury. The standard represents a common set of expectations across all areas for the preparation of teachers serving students with disabilities. The program shall require demonstrated competence in the following areas:</p> <p>(a) In philosophical, historical, and legal foundations of special education, students will exhibit an understanding of:</p> <p>(i) national, state, and local laws,</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>administrative policies, and procedures affecting persons with disabilities. Students will be able to:</p> <p>(A) describe major components of the Individuals with Disabilities Education Act (IDEA);</p> <p>(B) describe major components of Section 504 of the Rehabilitation Act and The Americans with Disabilities Act (ADA);</p> <p>(C) demonstrate use of the Montana Special Education Reference Manual (MSERM) and Montana Technical Assistance Documents as resources to identify accurate policy and procedure information; and</p> <p>(D) use state forms in the special education process.</p> <p>(ii) models, theories, and philosophies that provide the basis for past and current special education practice. Students will be able to:</p> <p>(A) demonstrate knowledge of basic models and theories in the major disability areas;</p> <p>(B) describe the past and current philosophical issues in special education;</p> <p>(C) describe the historical treatment of persons with disabilities;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(D) describe the impact of culture on identification and services to persons with disabilities; and</p> <p>(E) articulate personal philosophy of special education including its relationship to/general education.</p> <p>(b) In characteristics of learners of all ages, students will exhibit an understanding of:</p> <p>(i) characteristics of exceptionalities and their effects on students' abilities to learn. Students will be able to:</p> <p>(A) identify the 13 legal categories and other recognized categories (i.e., ADHD and FAE/FAS) of disability and identification criteria for each category at both the federal and state levels;</p> <p>(B) recognize individual variations within each major disability category;</p> <p>(C) demonstrate knowledge of typical and atypical development of children; and</p> <p>(D) describe the educational impact of major types of disabilities so that appropriate supports and accommodations can be provided.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(ii) characteristics and effects on learning and life of the child and the family including environment, cultural, linguistic, socioeconomic, medical and health, gender, and other factors. Students will be able to:</p> <p>(A) discuss multiple external factors that will influence individual student's life and learning;</p> <p>(B) discuss the concept and the impact of intra-individual differences on individual student's life and learning; and</p> <p>(C) describe the effects of various medications on the educational, cognitive, physical, social, and emotional behavior of individuals with exceptionalities.</p> <p>(c) In assessment, evaluation and program development:</p> <p>(i) students will exhibit an understanding of the evaluation/eligibility process. Students will be able to:</p> <p>(A) describe the steps of the evaluation/eligibility process;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(B) demonstrate knowledge of routine screening procedures;</p> <p>(C) describe the purpose, roles and strategies generated through the pre-referral and referral process;</p> <p>(D) demonstrate familiarity with the forms used in the evaluation/eligibility process;</p> <p>(E) demonstrate an understanding of the multidisciplinary team concept;</p> <p>(F) demonstrate the understanding and ability to coordinate yearly and three-year evaluations; and</p> <p>(G) create and maintain student records.</p> <p>(ii) students will develop, select, administer and interpret formal and informal assessment techniques and instruments. Students will be able to:</p> <p>(A) describe strengths and limitations of the most commonly used assessment tools across the disability categories;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(B) select, use and interpret various formal and informal assessment instruments and results (e.g., grade scores versus standard scores, percentile, ranks, age/grade equivalents and stanines);</p> <p>(C) implement a functional assessment and curriculum based assessment;</p> <p>(D) describe the discriminatory and ethical issues surrounding assessment;</p> <p>(E) conduct a family/home environment and person-centered assessment;</p> <p>(F) gather background information regarding academic, medical and family history;</p> <p>(G) gather and compile relevant information from the student, family and others that reflects their interests and goals for post-school employment and/or education;</p> <p>(H) use one of many available methods to determine parent priorities for their child's education as part of the assessment and program planning process; and</p> <p>(I) demonstrate an understanding of assessments used in general education.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(iii) students will convert assessment information into appropriate educational program plan and placement recommendation. Students will be able to:</p> <p>(A) demonstrate an understanding of the continuum of service options and the legal requirement for placement in the least restrictive environment;</p> <p>(B) demonstrate ability to translate assessment data into implications for educational programming and placement;</p> <p>(C) demonstrate ability to translate assessment data into an individualized educational program (IEP) including adaptations needed to support students in the least restrictive environment;</p> <p>(D) develop present level of performance, long term goals, and short term objectives as part of the development of an IEP;</p> <p>to: (E) assess progress in all areas, being able</p> <p>(I) develop data collection processes;</p> <p>(II) display and communicate data; and</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(III) use data for decision making;</p> <p>(F) develop a transition plan that insures that school activities focus on identified post-school goals;</p> <p>(G) develop short term objectives that include conditions, observable behavior, criteria for success, evaluation procedures and schedules; and</p> <p>(H) use a variety of ways to monitor progress in the IEP.</p> <p>(d) For curriculum and instructional methods, students will:</p> <p>(i) identify, evaluate, select, adapt and use curriculum materials to develop motor, cognitive, academic, social, language, affective, vocational, and functional life skills for individual students based on their needs. Students will be able to select, develop and use a variety of curricula for meeting the needs of students with diverse abilities;</p> <p>(ii) be able to work as a partner with general education teachers to support students with identified disabilities in general education classrooms to the maximum extent possible. Students will be able to:</p> <p>(A) collaborate with the general education teacher to plan instruction for the regular classroom in a way that allows for instruction to be differentiated to accommodate students with diverse needs;</p> <p>(B) collaborate with the general education teacher to co-teach appropriate subjects and lessons of</p>

<p>(ae) encourage professional growth through continuing education and involvement in appropriate professional organizations.</p> <p><u>10.58.527 AREAS OF PERMISSIVE SPECIAL COMPETENCY</u></p> <p>(1) Programs designed for teachers who hold a regular Montana teaching certificate and desire skills in a non-endorsement field to appear on the teaching certificate shall:</p> <p>(a) Meet the standards for the area of permissive special competency as approved by the board of public education and outlined below; and</p> <p>(b) When specified, have laboratory experiences under the jurisdiction of the preparing institution.</p> <p>(2) Programs must include a minimum of 20 semester (30 quarter) credits of preparation.</p> <p>(3) Permissive special competency programs for early childhood are limited to an "add-on" to elementary endorsement, may be offered as a minor to elementary education or as an approved program for the addition of early childhood education, and is designed for prospective teachers of children ages eight and under. The program shall provide coursework and experience in the following areas:</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(a) Regarding child development and learning, programs prepare early childhood professionals who:</p> <p>(i) demonstrate understanding of the conditions that affect children's development and learning including risk factors, developmental variations, and developmental patterns of specific disabilities;</p> <p>(ii) create and modify environments and experiences to meet the individual needs of all children including children with disabilities, developmental delays, and special abilities;</p> <p>(iii) affirm and respect the differences in all children including culturally and linguistically diverse children, support home language preservation, and promote anti-bias approaches through the creation of learning environments and experiences;</p> <p>(iv) describe influences on children's development and learning including socio-cultural and political contexts, economic backgrounds, sex roles, parenting styles, siblings, birth order, temperament, child care, schooling, prenatal_variables, and recognize that children are best understood in the contexts of family, culture, and community; and</p> <p>(v) articulate an understanding of developmental stages processes, theories of development and learning and their implications for developmentally appropriate practice.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(b) Regarding ability to establish and maintain physically and psychologically safe and healthy learning environments for children, programs prepare early childhood professionals who:</p> <p>(i) provide basic health, nutrition and safety management procedures for infants, toddlers, and young children as well as basic health and safety management and procedures regarding childhood illness and communicable disease;</p> <p>(ii) provide appropriate health appraisals and referral procedures to appropriate community health and social services when necessary;</p> <p>(iii) identify hazards, assess risks, and provide appropriate corrective steps in early childhood settings;</p> <p>(iv) assist young children in developing decision-making and interpersonal skills to promote good health and personal safety;</p> <p>(v) demonstrate an understanding of the influence of the physical setting, schedule, routines and transitions on children and use these experiences to promote children's development and learning;</p> <p>(vi) demonstrate an understanding of the developmental consequences of stress and trauma, protective factors and resilience, and the development of mental health and the importance of supportive relationships; and</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(vii) recognize signs of emotional distress, child abuse, and neglect in young children and understand their responsibility and the procedures for reporting known or suspected abuse or neglect to appropriate authorities.</p> <p>(c) Regarding curriculum development and implementation, programs prepare early childhood professionals who:</p> <p>(i) develop and implement an integrated curriculum based upon themes, topics and projects that are relevant, meaningful and conceptually sound and which take into account culturally valued content and children's home environment;</p> <p>(ii) integrate multicultural/anti-bias themes, literature, and experiences in all curriculum areas;</p> <p>(iii) use developmentally appropriate methods that include play, open-ended questioning, group discussion, problem solving, cooperative learning, and inquiry experiences to help young children in problem-solving, decision making, and to become independent learners and develop intellectual curiosity;</p> <p>(iv) create and manage a learning environment that emphasizes direct experience, active manipulation of concrete materials, child choice and decision-making, exploration of the environment and interaction with others;</p> <p>(v) demonstrate current knowledge of and ability to develop and implement meaningful, integrated</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>learning experiences, using the central concepts and tools of inquiry in curriculum and content areas including language and literacy, mathematics, science, health, safety, nutrition, social studies, art, music, technology, drama and movement; and</p> <p>(vi) plan and implement developmentally appropriate curriculum and instructional practices based on knowledge of individual children, the community, and state and national curriculum standards.</p> <p>(d) Regarding guidance, programs prepare early childhood professionals who:</p> <p>(i) exhibit knowledge of indirect guidance techniques and their effect upon children including appropriate scheduling, room arrangement, activities, materials, and transitions;</p> <p>(ii) modifying situations to prevent problems and modeling appropriate behavior;</p> <p>(iii) use direct group and individual guidance techniques with an emphasis on children learning and gaining in self-discipline, e.g., messages, reflecting feelings, natural and logical consequences, redirection, and problem solving; and</p> <p>(iv) establish a pro-social environment which is characterized by mutual trust, respect, and cooperation and which encourages interpersonal problem solving, development of self-control and enhancement of self-esteem.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(e) Regarding assessment and evaluation, programs prepare early childhood professionals who:</p> <p>(i) use informal and formal assessment strategies as an on-going integral part of planning and individualizing curriculum and teaching practices, such as:</p> <p>(A) observe, record and assess young children's development and learning and engage children in self-assessment for the purpose of planning appropriate programs, environments, and interactions and adapting for individual differences;</p> <p>(B) develop and use authentic, performance-based assessments of children's learning to assist in planning and to communicate with children and parents;</p> <p>(C) participate and assist other professionals in conducting family-centered assessments; and</p> <p>(D) communicate assessment results and integrate assessment results from others as an active participant in the development and implementation of individualized education plan (IEP) and individual family service plan (IFSP) goals for children with special developmental and learning needs;</p> <p>(ii) develop and use formative and summative program evaluation to ensure comprehensive quality of the total environment for children, families and the community.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(f) Regarding disabilities, programs prepare early childhood professionals who:</p> <p>(i) adapt strategies and environments to meet the specific needs of all children including those with disabilities, developmental delays, or special abilities;</p> <p>(ii) participate in and assist other professionals in family-centered assessments and in developing and implementing individualized service and educational plans for young children;</p> <p>(iii) articulate the rationale for early intervention services; and</p> <p>(iv) identify available community services for the young child and their family.</p> <p>(g) Regarding families and community relations, programs prepare early childhood professionals who:</p> <p>(i) explain to parents and other concerned individuals the fundamentals of child growth and development and learning;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(ii) articulate the rationale for developmentally appropriate education programs for young children and the need for community support for such programs;</p> <p>(iii) identify services that provide information and support for families and children and the role of related disciplines in supporting young children and their families;</p> <p>(iv) explain roles of parents as primary caregivers and informal teachers of young children, understand the importance of parents' expectations for their children, and acknowledge the collaborative role of parents and teachers in early childhood programs;</p> <p>(v) apply family systems theory, knowledge of the dynamics, roles and relationships within families and communities;</p> <p>(vi) demonstrate sensitivity to differences in family structures and social and cultural backgrounds; and</p> <p>(vii) establish and maintain positive, collaborative relationships with families, such as:</p> <p>(A) respect parents' choices and goals for children and communicate effectively with parents about curriculum and children's progress;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(B) involve families in assessing and planning for individual children, including children with disabilities, developmental delays, or special abilities; and</p> <p>(C) support parents in making decisions related to their child's development and parenting.</p> <p>(h) Regarding professionalism, programs prepare early childhood professionals who:</p> <p>(i) reflect on their practice, articulate a philosophy and rationale for decisions, continually self-assess and evaluate the effects of their choices and actions on others (young children, parents, and other professionals) as a basis for program planning and modification and continuing professional development;</p> <p>(ii) interpret historical, philosophical, and social foundations of early childhood education and their effect on current practices and future trends;</p> <p>(iii) demonstrate an understanding of conditions of children, families, and professionals; current issues and trends; legal issues; and legislation and other public policies affecting children, families, and programs for young children and the early childhood profession;</p> <p>(iv) work collaboratively with professionals (including volunteers) to maintain a safe and developmentally appropriate environment;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(v) serve as advocates on behalf of young children and their families, improved quality of programs and services for young children, and enhanced professional status and working conditions for early childhood educators;</p> <p>(vi) demonstrate awareness of and commitment to the profession's code of ethical conduct;</p> <p>(vii) demonstrate an understanding of basic principles of administration, organization, and operation of early childhood programs including supervision of staff and volunteers and program evaluation; and</p> <p>(viii) actively seek out opportunities to grow professionally by locating and using appropriate professional literature, organizations, resources, and experiences to inform and improve practice.</p> <p>(i) Regarding field experiences and professional internships, programs prepare early childhood professionals who:</p> <p>(i) observe and participate under the supervision of qualified professionals in a variety of exemplary settings in which young children are served (such as public and private centers, schools, and community agencies);</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(ii) work effectively over time with children of diverse ages (infants, toddlers, preschoolers, or primary school-aged), with children with diverse abilities, with children reflecting culturally and linguistically diverse family systems;</p> <p>(iii) demonstrate the ability to work effectively during full-time (usually at least 300 clock hours-supervised student teaching) and/or practice experiences in at least two different exemplary settings, serving children of two different age groups (infant/toddler, preprimary, or primary age) and with varying abilities; and</p> <p>(iv) analyze and evaluate field experiences, including supervised experience in working with parents, and supervised experience in working with interdisciplinary teams of professionals.</p> <p>(4) For permissive special competency standards for gifted students K-12 the program shall prepare the prospective teacher to serve the educational needs of gifted (high ability/high potential) students by providing:</p> <p>(a) Knowledge of the characteristics of gifted students and an understanding of how to utilize appropriate tests and other documentation to formally identify gifted students;</p> <p>(b) Knowledge of the curriculum needs that result from the characteristics of individual gifted students and an understanding of how to apply the appropriate curriculum strategies to vary the pace, breadth, and depth of the curriculum through acceleration; differentiation of the content, process and product; and subject enrichment;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(c) Knowledge of the unique learning styles of gifted learners and an understanding of how to apply that knowledge to modify the learning environment and activities to match the style(s) of the individual student;</p> <p>(d) Knowledge of how the social/emotional characteristics of gifted children create different needs that may impact the school and family and an understanding of how to apply appropriate strategies to minimize negative impacts upon the ability of the gifted student to learn;</p> <p>(e) Knowledge of the need for gifted students to be challenged by participation with their mental peers, and an understanding of how to meet that need by providing a variety of options in the learning environment;</p> <p>(f) Knowledge of how the school environment and characteristics of gifted students cause some high ability/high potential students to achieve at levels far below their potentials and an understanding of how to apply appropriate interventions; and</p> <p>(g) Knowledge of the nature of, and need for, team approaches and an understanding of how to effectively apply these strategies in order to provide the best possible school climate and total curriculum services for gifted students.</p> <p><u>10.58.528 COMPUTER SCIENCE</u> (1) A computer science teaching endorsement prepares an instructor to teach courses where computers, and related forms of technology, are the object(s) and focus of instruction.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>Computer science teachers must be prepared to teach computer science, including programming and literacy courses, and be prepared to adapt to the rapid changes in the field of computing; therefore, for the prospective teacher the program shall:</p> <p>(a) include computer science prerequisites consistent with, and substantially beyond that which a teacher may be expected to teach;</p> <p>(b) include algorithm design, analysis, and implementation in a programming language, and data structures, and abstract data types covering:</p> <p>(i) problem solving techniques and strategies;</p> <p>(ii) algorithm design methodologies;</p> <p>(iii) algorithm verification;</p> <p>(iv) algorithm analysis;</p> <p>(v) data structures and abstract data types;</p> <p>(vi) at least two programming languages, including object-oriented programming and/or other current programming trends; and</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(vii) program testing;</p> <p>(c) provide a cohesive introduction to the major subject areas of the discipline of computer science, including;</p> <p>(i) algorithms and data structures;</p> <p>(ii) programming languages;</p> <p>(iii) architecture and machine-dependent programming;</p> <p>(iv) numerical and symbolic computing;</p> <p>(v) operating systems and networks;</p> <p>(vi) software methodology and engineering;</p> <p>(vii) database and information retrieval;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(viii) artificial intelligence and robotics; and</p> <p>(ix) human-computer interaction;</p> <p>(d) provide a broad knowledge and development of computer science through:</p> <p>(i) team software development; and</p> <p>(ii) demonstrated written and oral communication skills;</p> <p>(e) develop a functional awareness of computing issues, including:</p> <p>(i) the history of computing;</p> <p>(ii) current trends and future directions in computing;</p> <p>(iii) career opportunities in computing;</p>

<p>university involvement appropriate to the specific training objectives of the program;</p> <p>(h) The quality of practica experiences is systematically evaluated in a manner consistent with the specific training objectives of the program;</p> <p>(i) Practica experiences are conducted in accordance with current legal-ethical standards for the profession;</p> <p>(j) The practica shall acquaint students with roles, responsibilities, and functions of other pupil service personnel, including the operation of interdisciplinary teams; and</p> <p>(k) Practica experiences shall familiarize students with available school and community resources.</p> <p>(4) The internship is the culminating experience in school psychology graduate preparation. A comprehensive internship experience is provided through which all students are required to demonstrate, under supervision, their ability to integrate knowledge and skills in providing a broad range of school psychological services. The internship experience reflects the following characteristics:</p> <p>(a) The internship experience is provided at or near the end of the formal training period;</p> <p>(b) The internship experience occurs on a full-time basis over a period of one academic year, or on a half-time basis over a period of two consecutive academic years;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(c) The internship experience is designed according to a written plan that provides the student opportunities to gain experience in the delivery of a broad range of school psychological services;</p> <p>(d) The internship experience occurs in a setting appropriate to the specific training objectives of the program;</p> <p>(e) The internship experience is provided appropriate recognition through the awarding of academic credit;</p> <p>(f) The internship experience occurs under conditions of appropriate supervision. Field-based internship supervisors hold a valid credential as a school psychologist for that portion of the internship that is in a school setting. That portion of the internship, which appropriately may be in a non-school setting, requires supervision by an appropriately credentialed psychologist;</p> <p>(g) Field-based internship supervisors are responsible for no more than two interns at any given time. University internship supervisors are responsible for no more than 12 interns at any given time;</p> <p>(h) Field-based internship supervisors provide, on average, at least two hours per week of direct supervision for each intern;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(i) The internship is based on a positive working relationship and represents a collaborative effort between the university program and field-based supervisors to provide an effective learning experience for the student. University internship supervisors provide at least one on-site contact per semester with each intern and supervisor;</p> <p>(j) The internship placement agency provides appropriate support for the internship experience including:</p> <p>(i) a written contractual agreement specifying the period of appointment and the terms of compensation;</p> <p>(ii) a schedule of appointment consistent with that of agency school psychologists;</p> <p>(iii) provision for participation in continuing professional development activities;</p> <p>(iv) expense reimbursement consistent with policies pertaining to agency school psychologists;</p> <p>(v) an appropriate work environment including adequate supplies, materials, secretarial services, and office space;</p> <p>(vi) release time for internship supervisors;</p> <p>and</p> <p>(vii) a commitment to the internship as a</p>

<p>training experience.</p> <p>(k) The quality of the internship experience is systematically evaluated in a manner consistent with the specific training objectives of the program; and</p> <p>(l) The internship experience is conducted in a manner consistent with the current legal-ethical standards of the profession.</p> <p>(5) Systematic evaluation of coursework, practica, internship experiences, faculty, supervisors, and institutional resources is essential to monitoring and improving program quality.</p> <p>(a) Systematic evaluation procedures are used to ensure the integrity and quality of the program. Different sources of information are used, as appropriate, to evaluate components of the program.</p> <p>(b) The program employs a systematic process to ensure that all students, prior to the conclusion of the internship experience, are able to integrate domains of knowledge and applied professional skills in delivering a comprehensive range of services that result in measurable positive changes regarding the educational and mental health needs of children and youth.</p> <p>(c) The program systematically collects, analyzes, and interprets process and performance evaluation data; results are used to improve the program.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(6) The following program level and structural requirements apply to both doctoral and specialist-level programs:</p> <p>(a) The program shall limit the number of credit hours acquired through courses, seminars, and other learning experiences not open exclusively to graduate students to no more than one-third of the student's program;</p> <p>(b) Program requirements exclude credit for undergraduate study, study that is remedial, or study which is designed to remove deficiencies in meeting requirements for program admission;</p> <p>(c) A full-time continuous residency or an alternate planned experience is required for all students. Programs allowing alternate planned experiences as a substitute for full-time residency must demonstrate how those experiences are equivalent to experiences commonly associated with residency requirements; and</p> <p>(d) The program shall provide an active continuing professional development program for practicing school psychologists.</p> <p>Innovative and Experimental Programs</p> <p><u>10.58.801 TYPES OF PROGRAMS</u> (1) Innovative and experimental programs include but are not necessarily limited to the following:</p> <p>(a) new approaches: programs designed to develop new approaches, new arrangements, and/or new contexts for the preparation of school personnel.</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(b) new positions: programs designed to prepare school personnel for new types of positions that are emerging in modern education.</p> <p>(c) special needs: programs designed to meet the special needs of particular segments of society.</p> <p>(d) specific curricular areas: programs designed for specific curricular areas for which recognized standards have not yet been developed.</p> <p><u>10.58.802 STANDARDS FOR APPROVAL</u> (1) The institution shall provide a clear statement justifying the request for the approval of an experimental or innovative program. That statement shall include the program's assumptions, rationale, and objectives.</p> <p>(2) Each program shall:</p> <p>(a) be based on a statement of the purpose and objectives of teaching in this area and upon a well-formulated statement of the nature of the public school program that is needed to accomplish these objectives. These statements shall:</p> <p>(i) be prepared cooperatively by the agencies concerned with teacher education;</p> <p>(ii) be based on analyses of current practices and trends in this field of the public school curriculum; and</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(iii) be available in writing;</p> <p>(b) include a clear statement of the competencies teachers need in this area. This statement of competencies shall:</p> <p>(i) include attitudes, knowledge, understanding, skills, and the degrees of expertise teachers need;</p> <p>(ii) be based on the program's statement of objectives outlined in subsection (2)(a) above; and</p> <p>(iii) be available in writing;</p> <p>(c) include a description of the process used to prepare personnel;</p> <p>(d) develop provisions for keeping records of the students' progress in the program;</p> <p>(e) make arrangements for systematic and scheduled program review by both the institution and the office of public instruction;</p> <p>(f) be supported by identifiable human and physical resources that will be available throughout the duration of the program. Any resources not under the control of the institution shall be outlined and confirmed by the board of public education;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(g) include a timetable setting forth:</p> <p>(i) the program's beginning and ending dates;</p> <p>(ii) the sequence of activities that will occur;</p> <p>(iii) selection and schedules of intervals for competency and program evaluations;</p> <p>(iv) the approximate dates for submitting periodic program reports to the appropriate institutional officials and to the superintendent of public instruction;</p> <p>(h) ensure that program evaluations have definite provisions for performance criteria and follow-up at specified intervals. The evaluations shall:</p> <p>(i) be guided by a plan that defines and specifies the kinds of evidence that will be gathered and reported;</p> <p>(ii) give information that identifies areas in the program that need strengthening;</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(iii) be used to suggest new directions for program development.</p> <p>(3) The preparing institution shall be responsible for the administration of the program. Within this responsibility it shall establish and designate the appropriate division, school, college or department within the institution to act on all matters relating to such program, according to general institutional policies.</p> <p style="text-align: center;">Standards for Approving Competency-Based or Performance-Based Programs</p> <p><u>10.58.901 STANDARDS FOR APPROVING COMPETENCY-BASED OR PERFORMANCE-BASED PROGRAMS</u> (1) These standards apply to all competency-based and performance-based teacher education programs. For each program, the institution shall:</p> <p>(a) develop and adopt an explicit statement of "program exit" competencies that relate to the entry-level professional role. These competencies must include all of the criteria implicit in the general standards (Sub-Chapter 4) and specific standards (Sub-Chapter 5);</p> <p>(b) provide a program design that:</p> <p>(i) relates the competencies (cited in (a) above) to modules, subcourses, or courses;</p> <p>(ii) lists the learning activities involved;</p> <p>and</p>			

Institutional Report

STANDARDS	TO BE COMPLETED BY THE INSTITUTION	TO BE COMPLETED BY VISITING TEAM	
<p>(iii) specifies the assessment techniques used to verify the attainment of these competencies;</p> <p>(c) formally assess follow-up data to determine the relationship between "exit" competencies and initial professional role performance. Such assessment shall be considered in program development; and</p> <p>(d) use an on-site evaluation team, designated by the board of public education, to determine the institution's performance in the development and verification of a candidate's role competency and in the collection and use of follow-up data.</p>
